

DataBank's Cleveland facility came into our portfolio through an acquisition in January of 2017. The facility is located in the heart of downtown in the newly renovated Euclid corridor of Cleveland. The site is a very carrier-dense facility and offers direct connectivity to a number of world-class network carriers and partners.

Key Features

DataBank's Downtown Cleveland facility offers clients a top-tier data center environment in a carrier-rich location.

- **Downtown Cleveland Location** – Strategically situated for supreme connectivity
- **Robust Power** – Power density of 10 kW per cabinet, with higher density solutions available
- **Data Center Footprint** – 8,000 square feet of raised-floor customer data center space
- **Redundant Cooling** – Powerful HVAC system moderates data center cooling and humidity levels
- **On-Site Power Generations** – Dedicated diesel generators with fuel storage onsite
- **Carrier Neutral Design** – Connectivity to multiple carriers and providers with thousands of cross-connection options and 100% SLA on uptime

Infrastructure Redundancy

Our downtown Cleveland data center facility offers DataBank clients a top-tier data center with redundancy in power, cooling and network infrastructure.

- **Parallel UPS System in N+1 configuration**
- **AC Power available in multiple feeds of 120V, 208V, and 3 Phase**
- **DC Power is available from redundant (A&B) DC powerplants**
- **Dedicated 1MW power generator onsite with fully maintained fuel backup**
- **Over 130-tons of on-site cooling configured in N+1 redundancy**

Security & Compliance

DataBank clients benefit from several layers of physical security, including 24/7/365 on-site security personnel. All DataBank facilities perform annual SSAE-16 and PCI-DSS audits, and will work with customers to provide any additional custom-layered security measures to meet their own PCI-DSS, HIPAA, FISMA, or other compliance requirements. DataBank's customer service is unparalleled and always available to address any concerns in an expedient and friendly manner. On-site support is available via remote hands, and all client requests are handled promptly.
