

DataBank's South Lake data center is located in the South Kansas City suburb of Lenexa, KS. The facility, DataBank's first in-market data center, is located in a technology business park and offers clients a second in-region location for replication and redundancy. The business park is home to a number of prominent IT companies and industry partners and features on-site security staff patrolling and monitoring the building 24/7/365.

Key Features

DataBank's South Lake facility offers clients a diverse data center environment in a secure setting:

- **South KC Suburb Location** - Lenexa, KS – Office park setting with on-site security staff
- **Robust Power** - Diverse facility power is fed by two separate KCP&L sub-stations
- **Custom Footprint** - Over 6,000 square feet of customer data center space
- **Advanced Cooling** - Efficient closed-loop glycol based system delivers cooling
- **On-Site Power Generation** - Dedicated diesel power generation stands ready to backup the utility power feed
- **Robust Connectivity** - Direct access and connections to Multiple tier-1 carriers is available on-site
- **Highly Secure** - Video monitoring throughout and dual-factor authentication on all data center entrances
- **Client Amenities** - Customer-use areas include conference rooms and a number of available workspaces

Infrastructure Redundancy

Our South Lake data center facility offers DataBank clients a top-tier data center capable of providing complete redundancy in power, cooling and network infrastructure.

- **Redundant utility feeds in an A/B configuration**
- **On-site power generation with expansion capacity**
- **High-efficiency cooling design & delivery**
- **Diverse secure telecom service provider entries**
- **Meet-Me-Room offers network-neutral fiber interconnection to multiple service providers**

Security & Compliance

DataBank clients benefit from several layers of physical security, including 24/7/365 on-site security personnel. All DataBank facilities perform annual SSAE-16 and PCI-DSS audits and will work with customers to provide any additional custom-layered security measures to meet their own HIPAA, FISMA, or other compliance requirements. DataBank's customer service is unparalleled and always available to address your business' unique needs. On-site support is available via remote hands, and all client requests are handled promptly.
