

DATABANK DOWNTOWN SALT LAKE CITY

SALT LAKE CITY DATA CENTER

Located in the heart of the business district, DataBank's Downtown Salt Lake City data center is a multi-tenant facility which delivers top-tier colocation and cloud solutions with blended bandwidth via direct connectivity to multiple Tier-1 and Tier-2 network providers. In addition to 11,000+ sqft of raised-floor space for customer equipment, the facility also includes redundant cooling, backup generators with 24 hours of on-site fuel storage, and 1.6MW of onsite utility power. A dedicated, metro fiber ring enables high-speed connectivity to other DataBank facilities, simplifying data replication.

FACILITY SPECIFICATIONS

SPACE OPTIONS

- Over 11,000 sqft of raised-floor space
- Private suites, cages, and cabinets

NETWORK AND CONNECTIVITY

- Fully secured telecom entries into a carrier-class MMR (Meet-Me-Room)
- MMR connected to DataBank's proprietary fiber ring offers high-bandwidth access to other DataBank facilities, as well as additional top-tier network providers
- Carrier & network-neutral design
- IP & Bandwidth: Managed Internet service supporting both IPv4 & IPv6, utilizing a multi-carrier blend with fully redundant routing infrastructure. Supports either IPs provided by DataBank or client-owned IP space

HVAC AND ENVIRONMENTAL DESIGN

- Redundant HVAC design for stable airflow, temperature and humidity
- Highly efficient cold-air economization system
- On-site secured water storage
- Hot-aisle/cold-aisle configuration
- Anti-static raised flooring and overhead cable runs allow unobstructed cold air delivery

POWER

- 1.6MW of on-site power via secure underground delivery
- Parallel UPS configuration
- Dedicated diesel generators
- Dedicated on-site fuel supply for each generator
- Fully redundant Automatic Transfer Switch (ATS) configuration
- Multiple redundant power distribution paths
- Branch circuit monitoring

PHYSICAL SECURITY

- On-site security and support personnel 24x7x365
- Monitored security cameras and intercom system
- Fully secured mechanical/electrical equipment
- Dual-factor authentication (key card access w/secondary biometric) on exterior entry and all data center halls
- Camera surveillance on all ingress/egress points and critical areas
- Video with access log retention for 90 days
- Custom physical security controls available for customer deployments

LOCAL SERVICE. NATIONAL REACH.

With an uncompromising focus on security and compliance, DataBank offers businesses, especially those with mission critical infrastructure requirements, a full spectrum of services starting with a foundation of purpose-built data centers designed to meet a variety of colocation requirements. As those needs evolve, we

offer a suite of solutions including fully managed services, hybrid cloud solutions and complementary network services, along with access to public clouds and peering exchanges. Currently in 8 markets with 15 data centers, DataBank continues to make significant investments in strategic markets to drive the success of our clients.

WHY DATABANK?

OUR APPROACH

Our consultative approach results in customers getting the most flexible solution available to meet short and long-term business objectives.

SECURITY

Security and compliance is in our DNA. Trust that you have a dedicated team of security and compliance engineers for all of your colocation and cloud deployments.

ACCOUNTABILITY

Accountability isn't just an SLA. We provide real-time analytics on the performance of all of your systems in our sophisticated customer portal including audit support documentation and history.

SERVICE

DataBank's data centers are staffed 24/7/365 offering remote, managed, and smart hands services. Our U.S. based support team solves 95% of tickets without burdening our clients.
