

DATABANK GRANITE POINT EAST

SALT LAKE CITY DATA CENTER

DataBank's Granite Point East data center is strategically located in Bluffdale, UT, minutes from downtown Salt Lake City. With a carrier-neutral design and 50,000+ sqft of raised-floor space for customer equipment, the facility offers network connectivity to multiple Tier 1 and Tier 2 providers. The facility has access to more than 8MW of high-density power, and redundant cooling systems maintain optimal temperatures for data center equipment. Situated in a highly secure technology park, the facility is protected by a full perimeter fence encompassing the building, parking areas, loading docks, and all customer entrances.

FACILITY SPECIFICATIONS

SPACE OPTIONS

- Purpose-built 69,000 sqft facility
- Over 50,000 sqft of raised-floor space
- Private suites, cages, and cabinets

NETWORK AND CONNECTIVITY

- Secured telecom providers in a carrier-class MMR (Meet-Me-Room)
- MMR connected to DataBank's proprietary fiber ring offers high connectivity to the other SLC data centers and access to top-tier network providers
- Carrier & network-neutral design
- Multiple secured fiber entrances
- IP & Bandwidth: Managed Internet service supporting both IPv4 & IPv6, utilizing a multi-carrier blend with fully redundant routing infrastructure. Supports either IPs provided by DataBank or client-owned IP space

HVAC AND ENVIRONMENTAL DESIGN

- Redundant HVAC design for stable airflow, temperature and humidity
- Highly efficient cold-air economization cooling system and ample plenum
- On-site secured water storage tanks
- Hot-aisle/cold-aisle configuration
- Designed to support high-density computing
- Anti-static raised flooring and overhead cable runs allow unobstructed cold air delivery

POWER

- 8MW of on-site power via secure underground delivery
- Dedicated (A/B) UPS configuration
- Dedicated (A/B) configuration for diesel generators
- Dedicated on-site fuel supply for each generator
- Fully redundant Automatic Transfer Switch (ATS) configuration
- Multiple redundant power distribution paths
- Branch circuit monitoring

PHYSICAL SECURITY

- On-site security and support personnel 24x7x365
- Monitored security cameras and intercom system
- Full perimeter fence with secured parking
- Concrete wall surrounding the mechanical/electrical equipment yard
- Dual-factor authentication (key card access w/secondary biometric) on exterior entry and all data center halls
- Camera surveillance on all ingress/egress points and critical areas
- Video with access log retention for 90 days
- Custom physical security controls available for customer deployments
- Power delivery, generator and diesel fuel infrastructure maintained in secured areas

LOCAL SERVICE. NATIONAL REACH.

With an uncompromising focus on security and compliance, DataBank offers businesses, especially those with mission critical infrastructure requirements, a full spectrum of services starting with a foundation of purpose-built data centers designed to meet a variety of colocation requirements. As those needs evolve, we

offer a suite of solutions including fully managed services, hybrid cloud solutions and complementary network services, along with access to public clouds and peering exchanges. Currently in 8 markets with 15 data centers, DataBank continues to make significant investments in strategic markets to drive the success of our clients.

WHY DATABANK?

OUR APPROACH

Our consultative approach results in customers getting the most flexible solution available to meet short and long-term business objectives.

SECURITY

Security and compliance is in our DNA. Trust that you have a dedicated team of security and compliance engineers for all of your colocation and cloud deployments.

ACCOUNTABILITY

Accountability isn't just an SLA. We provide real-time analytics on the performance of all of your systems in our sophisticated customer portal including audit support documentation and history.

SERVICE

DataBank's data centers are staffed 24/7/365 offering remote, managed, and smart hands services. Our U.S. based support team solves 95% of tickets without burdening our clients.
