DOWNTOWN CLEVELAND DATA CENTER

1255 Euclid Avenue - Cleveland, OH

DataBank's downtown Cleveland facility is located in the newly renovated Euclid corridor, home to the nation's first commercially available 100 Gigabit fiber network. With onsite direct connectivity to numerous world-class network carriers and partners, the data center offers a multitude of cross-connection and peering options with 100% uptime SLAs (Service Level Agreements). The facility includes 7,300 square feet of raised-floor space for customer equipment, dedicated diesel generator backup with on-site fuel storage, redundant cooling, and power density above 10kW per cabinet.
