

DOWNTOWN SALT LAKE CITY DATA CENTER

179 E Social Hall Avenue — Salt Lake City, UT

DataBank's Downtown Salt Lake City data center is a multi-tenant colocation facility located in the heart of the downtown business district. SLC1 provides 11,000 square feet of raised floor space, 1.5MW of total power, redundant cooling, and backup generators with 24 hours of on-site fuel storage. The site is also the primary carrier-hotel for the Salt Lake City area, populated with a number of prominent Tier-1 and Tier-2 network providers which enter the building through multiple diverse points. We leverage this location to provide our regional blended bandwidth solutions as well as connectivity between DataBank facilities using dedicated, high-speed links.
