

DATA CENTER / SALT LAKE CITY / SLC3

GRANITE POINT DATA CENTER

14926 Pony Express Road — Bluffdale, UT

DataBank's Granite Point SLC3 Data Center is strategically located in Bluffdale, UT, minutes from downtown Salt Lake City. With a carrier-neutral design, the 85,000 square foot building has over 53,000 square feet of raised-floor space for customer equipment and offers network connectivity to multiple Tier 1 and Tier 2 providers. Diverse substations provide more than 11MW of high-density power, while redundant cooling systems maintain optimal temperatures for data center equipment and enable up to 25kW per cabinet. Situated in DataBank's highly secure Granite Point campus, the facility is protected by perimeter fencing encompassing the building, parking areas, loading docks, and all customer entrances.
