

DATA CENTER / **SALT LAKE CITY** / **SLC4**

GRANITE POINT DATA CENTER

14860 Pony Express Road — Bluffdale, UT

SLC4 is DataBank's 3rd data center to open on the Granite Point Campus and became fully occupied within months of opening, a testament to the high-demand for its world-class capabilities. Located in Bluffdale, UT, minutes from downtown Salt Lake City and Utah's "Silicon Slopes" technology hubs, SLC4 provides 20,000 square feet of raised-floor space, network connectivity to over a dozen carriers and cloud providers, as well as access to Granite Point's own private 66MW N+1 power substation. The facility has been designed from the ground up with a full suite of customer amenities and all the security features needed to meet HIPAA, PCI-DSS, SSAE-18 SOC1 and SOC2, and GDPR compliance requirements.
