Downtown Dallas Data Center

400 South Akard Dallas, TX 75202

DataBank's DFW1 facility – housing both our downtown Dallas data center and our headquarters – is the former Federal Reserve Building in the heart of the city's central business district. In addition to being one of the most well protected data center locations imaginable, DFW1 is also one of the most well-connected, serving as the city's primary carrier hotel with DWDM connections to another major carrier hotel at 1950 North Stemmons.

Why DataBank?

DATA CENTER EVOLVED™

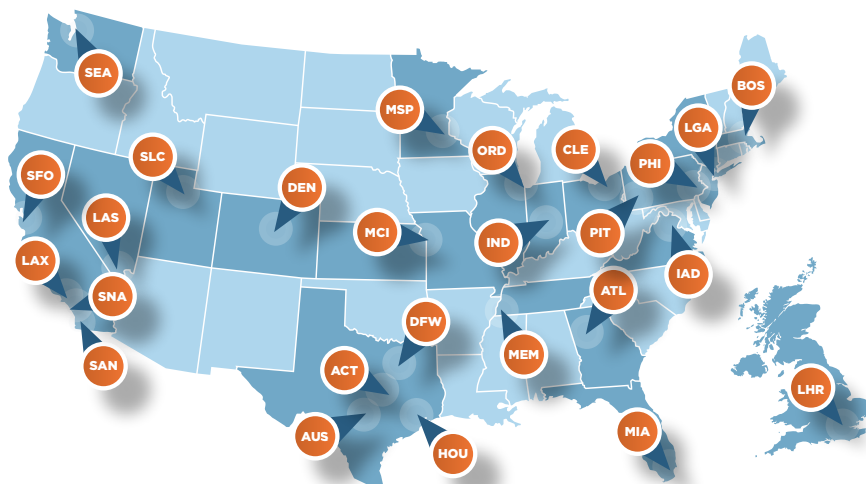

- The largest footprint of metros and data centers in the U.S. capable of putting your workloads within 50 miles of half the population.
- Colocation, interconnection and cloud services with contract portability to help you avoid lock-in to any one strategy.
- Managed security and compliance services that liberate your staff and secure your data and applications.
- 100% uptime guarantee, hands-on support, and a Portal that gives you unmatched visibility and control of your infrastructure.

Local Service. Boundless Reach.

Our **65+ data centers** are strategically located in **27+ markets** that offer high population densities as well as a concentration of technology business and research universities.

EACH DATABANK FACILITY FEATURES:

- Robust connectivity
- Highly redundant infrastructure
- Priority power grid access
- Strong structural security
- Secondary carrier hotel option
